

MapComponent

```
classDiagram
    TransportRoute --|> MapComponent
```

A UML class diagram illustrating inheritance. The class 'MapComponent' is at the top, represented by a white rectangle with a black border. The class 'TransportRoute' is at the bottom, represented by a gray rectangle with a black border. A blue arrow points from the top of 'TransportRoute' to the bottom of 'MapComponent', indicating that 'TransportRoute' inherits from 'MapComponent'.

TransportRoute
